

## Required Immunizations

All immunizations must be completed PRIOR to beginning clinicals in the nursing program. **Failure to provide current immunization records upon application will result in students not being considered for the program.** Students conditionally accepted must be able to complete all required immunizations by the start of the semester admitted or they will forfeit their positions.

- Measles, Mumps & Rubella (MMR) – 2 shots if born after January 1, 1957; one if before.
- Tetanus-Diphtheria (DT) – within last ten years
- Hepatitis B series – 3 shots over 7 months
- Varicella – 2 shots unless first dose prior to 13 years of age (Parent or MD can verify history of disease in writing)
- Hepatitis A – 2 shots (6 months apart)
- Serologic confirmation okay for any of the above except Tetanus
